

Steel LED Emergency Light

SELP

EMERGENCY & EXIT LIGHTING

The FX Lighting Steel LED Emergency Light design provides energy efficient, code-compliant path of egress with fully adjustable LED lamp heads for use in applications such as corridors, aisles and stairwells.

HOUSING:

Durable 20-gauge steel construction in white or black finish. Injection-molded engineering grade high-impact thermoplastic lamp heads to match housing finish.

LISTINGS & RATINGS:

Meets UL924, NFPA 101 Life Safety Code, NEC, OSHA, Local and State Codes. UL Listed for damp locations (20°C - 50°C).

MOUNTING:

Universal knockout pattern on back plate for wall mount. Side and top knockouts for conduit feed applications.

ILLUMINATION:

Adjustable lamp heads with high performance chrome-plated metallized reflector and plastic lenses for optimal distribution. Long lasting, 1.5W (12 LEDs x 0.125 watt per head), efficient ultra bright white LED lamp heads.

ELECTRICAL:

Dual 120/277 voltage. Charge rate/power "ON" LED indicator light and push-to-test switch for mandated code compliance testing. LVD (low voltage disconnect) prevents battery from deep discharge. Includes 6 volt, maintenance-free, sealed lead acid battery. Internal solid-state transfer switch automatically connects the internal battery to LED lamp heads for minimum 90-minute emergency illumination. Fully automatic solid-state, two rate charger initiates battery charging to recharge a discharged battery in 24 hours. Remote capacity of 20 watts standard. Runs up to 8 hours without remote lamp heads.

LIFESPAN:

LED long life hours.

WARRANTY:

Five year warranty on all electronics and housing. Battery pro-rated for two years.

PROJECT INFORMATION:

Project Name: _____ Fixture Type: _____

Complete Catalog #: _____ Date: _____
